GOOD NEWS FOR HOMEMAKERS

Deep Appreciation to Homemaking Students

I wish to use the column space for Good News this week to express deep appreciation to the home economics students at Appomattox County High School. Without the cooperation and enthusiasm and willingness of the girls to help, the visitors to Christmas Open House in the Appomattox County Extension Office would not be receiving a Christmas booklet this week.

Several weeks ago Mrs. Betty Jo Smith let us know that her home economics classes would be willing to put together the Christmas booklet. Our office staff was most elated about this because this is quite an undertaking. As our good secretaries typed and ran off the many pages for our Christmas booklet we carried these to the high school for the home economics students to construct into a booklet.

It has been a joy and privilege to go over and work with the home economics students during the past few years and to see their willingness to reach out and help others. A special word of thanks goes to Mrs. Betty Jo Smith and her student teacher, Mrs. Jones, and all the girls in the five homemaking classes who have worked so hard to make our project a success. Ladies, girls and fellows, we appreciate everything you've done to make this project successful! Without your help and your cooperation we would not have had it all together time.

It is truly a pleasure to work with the youth in Appomattox County whether it's through 4-H, Future Homemakers, homemaking classes or youth in the communities. t is a real joy to see what concerned citizens these young people are. In this day and age when many people are finding many things that the youth don't do, I would like to take this opportunity to say how fortunate we are in Appomattox County to have the caliber of young people that we have. We need to count our blessings and let these young people know how proud we are of them and how much we appreciate their concern for making our county a better place in which to live.

Again, thank you homemaking students, Mrs. Smith, and Mrs. Jones. The Extension Homemakers in Appomattox County will always be grateful to you for your help and your concern to make our Christmas in Appomattox booklet a reality.

A very special word of appreciation goes to Barbara Kay McLaughlin, Cindy Ranson, and Betty Phelps, our outstanding extension secretaries for their dedication and cooperation. We appreciate their special efforts which make our annual Open House possible. The homemakers appreciate your extra efforts, girls.

RECIPE OF THE WEEK
Fry-Pan Casserole

Shred one cabbage. Place this in the bottom of a large electric fry pan. Add a layer of thinly sliced potatoes. These may also be shredded on a grater. Add a layer of lean hamburger. On top of each of these three layers, add a large can of tomato sauce or two small ones. Cook in electric fry pan at 250° from 30 30 to 40 minutes or until vegetables are tender. This casserole may also be prepared in layers and placed in a 350 degree oven for 45 minutes.

NOTE: If you like onions or other seasonings, these may be added in layers with the vegetables.

This delicious casserole recipe was shared with our office by Mrs. Ruby Williamson. This is a delicious way to prepare a one-dish meal that will please the pallets of each family member.
